

Delete Employee

MemberID 1

Find...

Here you can see I was taken
To the Delete Employee
Interface. This is as expected.

Enter Employee Information

First Name

Address

Username:

First Name:

Last Name:

Email Address:

Beacon Vets Stock Control

You are not authorised to delete the admin account

OK

I clicked the find button
After entering the
MemberID and this
Pop Up Window was
displayed.

When the Find button was
pressed this pop up
window was displayed.
the system tells the user
that they cannot delete
the admin account. This
proves the test successful.

Delete Employee

I Entered The EmployeeID
1 here because this is the
EmployeeID of the
administrator account.
