

If I wanted to add a new employee,
I would click on the Employee menu
In the menu-bar

This was the result from
clicking the log in button.
I was taken to the
create order interface
as expected.

Here you can see that the
add edit and delete employee
options are grey. This
means that they cannot be
clicked by the user. There
is only only available option
that can be clicked which
is called: "Why Can't I
Access These?"

I Left click this option in the
menu to see what happens.
