Submit

Username: KSmith3

First Name: Kevin

Last Name: Smith

Email Address: ksmith@gmail.com

In order to test if an employee account has the password 'password' when the account is first created, I must first create a new employee account. I Logged into the administrator account and added this new Employee.

Beacon Vets Stock Control

Are You Sure You Want To Add The Employee?

Yes

No

I select the 'Yes' option at this confirmation window to successfully add the employee to the database.
